

Class of 2018

School Counseling Office Hours: 7:45 am until 4:00 pm.

Hope Scholarship: Your Harrison GPA is NOT your HOPE GPA.

- The HOPE program has changed to include various tiers of scholarships. You are encouraged to visit www.GAFutures.org for information.
- Only Advanced Placement (AP) courses will receive the .5 quality point weight in the calculation of the HOPE G.P.A. (This is different from how Cobb County awards extra quality points.) Your HOPE G.P.A. will not be higher than 4.0 meaning that an A will not receive the additional half point.
- HOPE G.P.A. is calculated using all courses in English, Math, Social Studies, Science, and World Language. The final HOPE G.P.A. will not be rounded up. Failing grades in these courses are included in the HOPE calculation.
- Transcripts will be uploaded by March 1. Students will be notified when they may check HOPE eligibility.

Eleventh grade advisement conferences have been completed with students. Please see your student's counselor if you have questions.

Honor cords and special mention at graduation are given to students with a cumulative 3.500 grade point average at the end of the senior year. The G.P.A. is not rounded up.

Students are now able to link their College Board and Kahn Academy accounts for more personalized practice.

All college bound students should register to take the SAT and/or ACT this year.

Register for SAT by going to www.collegeboard.org. Test dates are: 3/11, 5/6, and 6/3.

Register for ACT by going to www.actstudent.org. Test dates are: 2/4, 4/8, and 6/10.

College Admissions:

#1 – above everything else – your student's application to a college or university will be assessed based on his or her grades in a rigorous curriculum. Check with specific colleges regarding admission requirements that may differ from graduation requirements. The goal for all of our students is the most rigorous curriculum based on strengths, abilities and interest. All students can benefit from taking honors and AP courses. It is important that not only should your student be competitive for admission, but that your student be prepared with the skills to complete a degree. If your student is enrolled in an AP course, we strongly recommend they take the AP test in May.

AP Exams:

For the 2017 AP exams, students will be registering online. This registration will only take a few minutes and can be completed from any computer with internet access. The cost of each AP exam is \$93, with a one-time service fee of \$15. Online registration began on January 3 and ends on Wednesday, March 1 at 4:00 p.m. Students should visit www.TotalRegistration.net/AP/111734 in order to register. To complete registration, students must answer all of the required questions. Registration is not complete until students have printed the pdf confirmation page at the end. We know that parents may desire to register their students for exams. We strongly recommend that parents and students are both present while registering to ensure that the correct exams are ordered. Please be sure to have a credit card or debit card available before beginning registration.

Here are the important dates for the registration process:
