# COUNSELING & GUIDANCE SERVICES

## **COUNSELING AND GUIDANCE SERVICES**

The Queen Creek High School Counseling and Guidance Center offers services to students in three major domains: academic advisement, career guidance, and personal/social development. Counseling and guidance services are available for all students, their parents, and school staff. Students may see the counselor regarding anything that concerns them. To make an appointment with your counselor, sign up with the counseling secretary before/after school or during lunch only.

Class of 2017 – Mr. Derek Petersen

Class of 2018 – Ms. Angela Chicci

Class of 2019 – Mr. Harvey Harmon

Class of 2020 – Mr. Matt Romanowski

- **Academic Advisement Services** include assistance with high school registration, placement, four-year planning, and progress monitoring. Further, each student will have access to information about post secondary opportunities, including college selection, admission procedures and financial aid applications. Many scholarships are offered through the counseling office. If you are interested in a scholarship, or other financial aid, contact the counselor as soon as possible. Many scholarships pertain to a particular interest or have certain restrictions. With all these possibilities, there should be some type of financial aid available to you if you have need. Information on colleges, careers and scholarships are found online at [www.qchs.qcusd.org](http://www.qchs.qcusd.org).
- **Career and College Guidance** will focus on helping students to identify their career interests and aptitudes, providing information on the entire spectrum of career options, and suggesting course selections that will prepare students for chosen career areas. Beginning with the class of 2013, all students will be required to complete an Education Career Action Plan (ECAP). Additionally, students interested in attending a college, university, or technical/trade school are encouraged to take advantage of assistance in this area. Students may be:
  - Advised of school entrance requirements and necessary paperwork to begin the admission process.
  - Assisted with preparing for entrance exams (SAT/ACT/Acuplacer).
  - Given financial aid information.
  - Assisted with financial aid forms.
  - Taken on field trips to various school campuses to help students with making informed decisions about where to obtain post-secondary education and training.
  - NCAA Eligibility Center can be accessed through the QCHS Counseling website on the [qchs.qcusd.org](http://qchs.qcusd.org) website under "Important Links".

- **Personal Counseling** will be offered on a prevention, intervention, and referral basis. Students are encouraged to consult with the counselor on an individual basis when they are faced with a problem or concern which so preoccupies them that they are unable to deal with the demands of school and home life.
- **Students in Distress:** Students in distress who are reporting or exhibiting great pain, anxiety, depression, physical or mental suffering or are expressing suicidal/ homicidal ideations will be referred to the school psychologist and the Student in Distress Protocol will be followed to help students and parents get the appropriate treatment and intervention.
- **Substance Abuse Education Program:** QCHS has developed a Substance Abuse Education Program for students who are found to be in violation of a first offense of bringing banned substances to school as defined by the student code of conduct. This is intended as an educational program only and not as treatment of addiction issues. Students may be required to participate in the program along with other discipline as an intervention to help students and parents understand the issues effecting their education.

Counseling services are available for all students. Appointments with the counselor can be made before/after school or during lunch time with the counseling clerk. Appointments will be set so as not to interfere with the student's academic schedule if possible. All attempts will be made to render service as quickly as possible.

## DRESS CODE

The Board recognizes that each student's mode of dress and grooming is a manifestation of personal style and individual preference. The Board takes pride in the appearance of its students. Dress reflects personal integrity and implies attitudes toward self, school and conduct. Therefore students are expected to dress and groom neatly in apparel suitable for school activities. The Board will not interfere with the right of students and their parents to make decisions regarding their appearance except when their choices affect the educational program of the school or the health and safety of others. **Clothing that is disruptive or that detracts from the educational process or is destructive to school property is inappropriate.** Because the school environment is a workplace, acceptable clothing for school may be different than clothing that may be worn in other environments. State health standards require footwear to be worn at all times when on school campus.

When in doubt, parents and students should select more conservative clothing. Students deemed inappropriate in their attire will be directed to the Administration office to obtain acceptable clothing and may result in further disciplinary action. Parents will be notified for repeat offenses.

### **The following items are considered inappropriate for the school settings:**

Do not give books to your teacher to return. All fees, such as lost book payments, class fees, athletic fee, and parking fees are paid to the Bookstore Manager. No refunds of fees will be given after three (3) weeks from the beginning of the semester. Any unpaid fees may result in withholding of official transcripts or diploma.

### **BUS PASSES**

Any student wishing to ride a bus, other than their normally scheduled one, will need to obtain a bus pass from the Administration Office. A note written and signed by a parent (student name, bus number, who student is riding with or bus stop, contact number and date) requesting their child to ride a different bus must be turned in to the Administration Office at least 30 minutes prior to the end of the school day. No phone calls will be accepted for bus passes except in emergency situations. The Administration Office will issue a temporary bus pass for students who have forgotten their student ID. However, only two (2) passes will be written for each student per semester. If a student exceeds this amount they will need to set up an alternative mode of transportation.

### **CLOSED CAMPUS**

Queen Creek High School is a closed campus. Students may **NOT** leave the campus once in school (if they have an assigned class) or are at lunch. Parents who sign out their students must do it through the Attendance Office. Once school has started, any student needing to leave school, without a parent/guardian present to sign them out, will need to have a written and signed note from parent/guardian or a phone call placed to the Attendance Office prior to the start of school.

### **COMMUNICATION**

#### **• TELEPHONE**

**If a parent/guardian needs to contact their son or daughter, during the regular school day, please contact 480-987-5973.** We respectfully request that parent/guardian only do this in the case of an emergency. There is a designated phone in the front office for student emergency use only. **Parents should not call or text their son/daughter's cell phone during the school day as cell phones are not allowed during class time.**

#### **• ITEM DROP OFF**

Items needing to get to your student during the school day are to be dropped off at the Front Office. Only items of an emergency nature are to be dropped off, helping to minimize on classroom disruption. Balloons and celebratory items are limited to one or two items.

#### **• E-MAIL**

To communicate with a faculty member through e-mail, use all lower case letters, no spaces, initial of first name, last name and @qcsd.org - Example ([jdoe@qcsd.org](mailto:jdoe@qcsd.org))

#### **• STUDENTVUE**

QCHS is using StudentVue to post grades and homework for students. You can login at anytime to check your student's current grades, homework, missing assignments, and test scores. It is completely secure, no one else can see your personal information. To access the website go to <http://qc.apsc.org/pxp> and type your student's name and password. Please make sure your contact information is up-to-date. This system is a great way to keep communication open between teacher, student and parents.

### **EMERGENCY PROCEDURES**

State law requires that all schools practice evacuation drills. The purpose of these drills is to acquaint all students with the different exits depending on the area they may be in at the

time of the evacuation drill. In case of an evacuation drill, students must exit in an orderly, efficient manner. In the unlikely event of a fire, bomb or other emergency requiring the evacuation of the building, notification will be given by sounding the fire alarm, making an announcement over the public address system, or sending a message in the case of a power outage. When notification is received, students should follow the evacuation plan posted in their rooms. Students who are in the breezeways, restrooms or lunchroom during the emergency should evacuate through the nearest exit and then report to a teacher at the gathering site for their class. Students should not attempt to return to classrooms during an emergency evacuation. EXCEPTION: When there is an emergency lockdown situation, students and teachers will remain in their classrooms until further notice. Official notice will be given as to where and how the students and teachers will evacuate.

### **FOOD IN CLASSES**

No food or drink in the classroom except for bottled water in clear containers.

The Health Office also helps coordinate care (during the school day) for students with a chronic illness and/or special

needs. Any student with a chronic illness should notify the Health Office. ***Students, who become ill or are injured at school, should report to the Health Office or other office personnel immediately. They should not leave school without permission.***

- Students may be dismissed from class at any time if the teacher considers it necessary.
- Students who are ill or injured will be sent to the Health Office for attention. Students should come alone to the office unless it is necessary for someone to help them.
- Any pregnant student should inform the nurse.
- A student may visit the Health Office, **in an emergency**, without a permission slip.
- It is important that a student's address, phone number, emergency contact person, and medical information be accurate. Access to this information is vital in case of an emergency.
- Student health screenings are conducted through the health office. These include hearing and vision as recommended by the State of Arizona. Other screenings may include height and weight, dental, and blood pressure. You may exempt your student from any, or all, screenings by giving written notice to the QCHS Health Office yearly.
- House Bill 2295, Chapter 208, 1990 - requires that pupils be suspended from school upon enrollment if documented proof of required immunizations is not submitted unless the student is exempted due to personal beliefs of the parents, or due to certification that immunization is detrimental to the student's health. This requires that the immunization record be a part of the student's permanent record. This requires exclusion of students who lack documented proof of required immunizations during outbreaks of communicable and/or preventable diseases.
  - If it becomes necessary for the student to take any form of medication during school hours, a signed note from a parent or guardian must be presented to the Health Office giving permission to administer medicine and relieving the school from liability. School personnel may cooperate if the following conditions are met:
    - Whether a prescription drug or an over-the-counter drug, the medication must come in its original container. Vitamins and supplements will not be administered at school
    - The pharmaceutical label must be on the container of any prescription drug. The label must have the student's name, dosage, times the medication should be given and the physician's name.
    - Parent must provide written direction to the school that the medication is to be administered.
    - For students on campus, medication shall be kept in the Health Office and dispensed through the nurse or by principal's designee.
    - Students may carry their inhalers or epi-pens, as needed, to address their medical needs. The nurse must be notified of the medication and the reason prescribed. The medication must be in the original container and have the students name, physician and orders for use on the container. Parent permission must be on file. Medication must never be shared between students.
    - Elevator keys are available upon request. A \$50.00 fee will be assessed to the students account at the time the key is issued. Once the student returns the key, the fee will be removed. **If the key is not returned, the fee will not be removed from the students account and must be paid.** Parent and student signatures must be on the checkout form prior to issuance of keys.

### **HOMWORK POLICY DURING TWO-WEEK BREAKS**

No homework is assigned during the break with the exception of honor and dual enrollment classes. Honor and dual enrollment classes follow a more rigorous curriculum; therefore, students in these courses may have assignments given over break.

### **HONOR ROLL AND PRINCIPAL'S LIST**

- Students must be enrolled in at least four classes that determine GPA. (A "P" grade is not used to determine grade-point value and does not count toward Honor Roll.)

- Students may have no grade below a "B".
- Students must have a grade point average of 3.25 to 3.74 for Honor Roll.
- Students must have a grade point average between 3.75 or above for the Principal's List.
- Students who are on the Principal's List for the first three quarters will receive recognition at the Spring Academic Awards Ceremony.

### **IDENTIFICATION CARDS**

Students are required to have their student I.D. card while on campus. ID cards that are damaged or defaced will be required to be replaced at the student's expense. Replacement I.D. cards are \$5.00 and can be purchased at the Bookstore. ID cards are the property of the school. Students must be able to produce their ID card upon request.

### **LEAVING CAMPUS**

Students are to remain on campus until they have completed their class schedule. A parent/guardian **must** sign out their student with the Attendance Office prior to their child leaving campus during the school day. Photo ID is required for verification of guardianship. Seminary students are also required to be signed out by their parent/guardian at the high school's Attendance Office prior to leaving. A phone call during the day is not sufficient. Once school has started any student needing to leave school, without a parent/guardian present to sign them out, will need to have a written and signed note from parent/guardian or a phone call placed to the Attendance Office prior to the start of school. Any student leaving campus, without first being signed out through the Attendance Office, will not be excused for the classes they have missed.

Excuses are as follows:

- Students with doctor and dental appointments may leave in time to meet appointments, provided they check out through Attendance Office and the school has received parental permission.
- Students may be given permission by the principal or designee to leave campus for special needs, with parental approval.
- When a class or groups of students are scheduled to leave campus to participate in a school-sponsored activity, such students must have signed parental permission slips on file in the attendance office.
- **Students are not permitted to transport themselves to off-campus school activities without prior administrative approval, except for off-site school sponsored dances.**
- EVIT students who plan to ride the bus to EVIT must remain on campus until the EVIT bus departs. Leaving campus and returning to ride the bus is prohibited. Students will not be allowed on the bus if they have left campus.

### **LOCKERS**

PE lockers are issued to students involved in PE, athletics and some CTE classes. Student lockers are school property and remain at all times under the control of the school. However, students are expected to assume responsibility for the security of their lockers which will require a student to purchase a lock. **Students should protect their property by keeping their locker locked, guarding the combination and NOT sharing.** Administration will **not** investigate the theft of items not in a locked locker. School authorities may conduct inspections of lockers at any time, for any reason and without notice, without student consent and without a search warrant. Students should not plan on storing books in PE lockers because lockers are limited in use to PE classes.

### **LOST & FOUND AND CONFISCATED ITEMS**

Items which are lost and recovered may be claimed in the front office. Any unclaimed items may be donated to charity at the end of each semester.

### **LOST OR DAMAGED SCHOOL BOOKS/PROPERTY**

Students who sign-out textbooks, library books, or other school property are held responsible for such property and must pay the replacement value if the property is lost or damaged. Students are responsible for returning the book that they were checked out.

### **SCHOOL LIBRARY**

The use of the school library is a privilege. The library is open before school, lunch and after school. To use the library during class, all students must have an ID and a pass from the teacher whose class the student is missing. Students must sign in at the circulation desk regardless of time of day.

Books, including teacher assigned literature studies, can be checked out for a limited time period. Library fines for late books will be assessed on late materials at \$ .10 a day per book. Additional fines will occur for lost or damaged materials up to the replacement cost of the material. Textbooks and reference books are available for students to use in the library.

Computers are available for student use. Printing fees are \$ .10 per page. Students may not play games on the computers unless the game is part of an educational program.

### **LUNCH**

The lunch period is designed to provide a balanced diet and proper nutrition and opportunities for socialization and relaxation. The cafeteria and amphitheater are places to eat. Each student is responsible for cleaning their table and the area at which she/he eats.

**During lunch hours, students must stay on school property within full view of the supervisors.**

All meals are provided under the National School Breakfast and Lunch Program Federal guidelines. This means all meals are planned according to the requirements provided by USDA. All school meals must meet specific calorie targets, fat percentages, fiber, vitamin and mineral targets.

The Child Nutrition Department is a self-funded department in the district. This means we operate based on the money we generate; we do not receive direct funding from the district. In order to operate we generate money from the meals we provide the students, any caterings we do and selling a la carte items.

All a la carte items we offer for sale during the meal service are in compliance with strict Smart Snacks nutrition criteria. This means all items are within the following guidelines: Less than or equal to 200 calories, less than 35% total calories from fat, less than 10% total calories from saturated fat, 0g trans-fat, less than 230mg sodium, less than 35% total sugar by weight. Students are allowed to purchase a la carte items from their meal account. If you would like for us to limit their purchases you just need to contact the cafeteria.

<http://family.titank12.com> is a free online service you can use to keep track of your child's meal balance and transactions. Another free benefit includes setting up a low balance reminder on your account so the system can email you when your balance reaches the set amount. You can also utilize <http://family.titank12.com> to pay for your child's meals online. There is a convenience fee for an online payment.

Payments for meals can be made online at <http://family.titank12.com> using your Visa, Master Card or Discover cards. You can also send payment via cash or check without a fee. There is a \$25 fee for any returned check.

We have a no charge policy for meals. If students do not have enough money in their meal account they will be given a cheese sandwich on a whole wheat bread, fruit and milk. Students will receive verbal notification when their balance is low.

The cafeteria is unable to give back more than \$10 in change. If a \$20 is presented for 1 meal, the meal will be charged, \$10 will be given back as cash and the remainder will be credited to their meal account.

The principal of a school may remove a student from a school-sponsored activity if the principal determines that the student has violated a provision of the student discipline policies, rules, and/or regulations or if the principal determines that such removal is in the best interest of the activity or in the best interest of the school as a whole.

The principal also may remove a student from a specific position, such as office, editor, or captain of an activity, without removing the student from the entire activity.

The principal may remove a student pursuant to the preceding two (2) paragraphs, whether or not the student has been elected, appointed, or assigned to, or has volunteered for, the activity.

Before removing a student from an activity or position as a result of the student's violation of the student discipline policies, rules, and/or regulations, the principal must comply with the notice-and-hearing provisions of those policies, rules, and/or regulations.

Before removing a student from an activity or position for reasons other than a student's violation of the student discipline policies and/or regulations, the principal shall give written notice to the student. The notice shall include the reason or reasons for the removal and the date that the removal is to become effective. If the student disagrees with the principal's determination, the student may, within five (5) school days, request in writing a conference with the principal. The conference shall be held as soon as practicable after the principal receives the written request. At the conference, the student shall be given a full explanation of the reason or reasons for the action taken. The student shall be given an opportunity to present an explanation of the events relating to the action.

If, after the conference, the principal determines that the decision to remove the student from the activity or position is correct, the removal shall become effective on the date indicated in the principal's notice. If, after the conference, the principal determines that action of a less severe nature than removal is warranted, the principal may impose the less severe action. If, after the conference, the principal determines that neither removal nor less severe action is warranted, the prior decision to remove the student shall be rescinded.

### **Governing Board Policy JJC Student Performances/Exhibits/Competition**

- The regular schedule will not be interrupted unless the majority of the students benefit through their participation.
- The activity shall contribute to the education program.

## **Governing Board Policy JII-EB Student Concerns, Complaints and Grievances**

Students may present a complaint or grievance regarding one (1) or more of the following:

- Violation of the student's constitutional rights.
- Denial of an equal opportunity to participate in any program or activity for which the student qualifies not related to the student's individual capabilities.

- Harassment of the student by another person.
- Intimidation by another student.
- Bullying by another student.

- The procedure shall not apply to any matter for which the method of review is prescribed by law, or the Governing Board is without authority to act.

The guidelines to be followed are:

- The accusation must be made within thirty (30) calendar days of the time the student knew or should have known that there were grounds for the complaint/grievance.
- The complaint/grievance shall be made only to a school administrator or professional staff member.

- All allegations shall be reported on forms with the necessary particulars as determined by the Superintendent. *Forms are available in the school office.*
- The person receiving the complaint shall preserve confidentiality of the subject, disclosing it only to the appropriate school administrator or next higher administrative supervisor or as otherwise required by law.

Any question concerning whether the complaint/grievance falls within this policy shall be determined by the Superintendent.

Complaints by middle or high school students may be made only by the students on their own behalf. A parent or guardian may initiate the complaint process on behalf of an elementary school student under this policy. A parent or guardian who wishes to complain should do so by completing the forms following policy KE on Public Concerns and Complaints.

A complaint/grievance may be withdrawn at any time. Once withdrawn, the process cannot be reopened if the resubmission is longer than thirty (30) calendar days from the date of the occurrence of the alleged incident. False or unproven complaint documentation shall not be maintained.

Retaliatory or intimidating acts against any student who has made a complaint under this policy and its corresponding regulations, or against a student who has testified, assisted or participated in any manner in an investigation relating to a complaint or grievance, are specifically prohibited and constitute grounds for a separate complaint. Knowingly submitting a false report under this policy shall subject the student to discipline up to and including suspension or expulsion. Where disciplinary action is necessary pursuant to any part of this policy, relevant District policies shall be followed.

## STUDENT DISCIPLINE

School rules are designed to protect all students. To protect the rights of all students, it is important that parents and students understand the consequences of misbehavior.

The following chart includes a list of common and/or serious student conduct violations, along with a range of recommended consequences. This list is not meant to be exhaustive. Following the chart are terms and definitions of the violations. Intended prohibited conduct may subject the student to the same discipline as an actual violation.

The violations and range of actions listed are meant as guidelines to be followed unless circumstances warrant otherwise, as determined by the principal or other authorized person administering the action.

## TERMS

**Incident:** An event that occurs on school grounds or at a school-sponsored event that disrupts the orderly functioning of a school or classroom. Incidents range from minor problem behaviors to criminal acts and typically result in referral for disciplinary assessment. An incident is described by the violation(s) that occurred, the people involved, and the date, time, and location of occurrence. Any incident can be further described as bias/hate or gang related, and whether there were physical injuries.

**Violation:** A violation is a crime or infringement of a law, policy, right, or expectation. Please see Definitions of Violations.

**People:** People who may be involved in an incident include an offender, victims, witnesses, and bystanders. These people may be students attending the school, students attending other schools, school staff, vendors, visitors, or others.

**Offender:** an individual that commits a violation. An offender can be a student or non-student and may or may not have a relationship with the school.

**Bias/Hate Related Incidents:** An incident is considered bias/hate related when one could reasonably conclude that it was motivated, in whole or in part, by the perpetrator's bias or attitude against an individual victim or group based on perceived or actual personal characteristics. Such characteristics include age, ancestry or ethnicity, disability, economic status, gender, height or weight, immigration or citizenship status, marital status, race, religion or religious practices, or sexual orientation (Hartwick College, Campus Life, Student Life, Office of Campus Safety).

**Gang:** A gang can be described as a group of persons, usually youths, who share a common identity and who often engage in criminal behavior. In contrast to the criminal behavior of other youths, the activities of gangs are characterized by some level of organization and continuity over time. There is no consensus on the exact definition of a gang, however, and scholars have debated whether the definition should expressly include involvement in crime. Some gangs, but not all have strong leadership, formalized rules, and extensive use of common identifying symbols. Many gangs associate themselves with a particular geographic area or type of crime, and some use graffiti as a form of nonverbal communication (Britannica Online Encyclopedia).

**Gang Related Incident:** An incident is considered gang related when an incident occurs where the participants, suspects or victims, are identified as gang members or affiliates.

**Physical Injury:** Incident with injury includes those in which one or more students, school personnel, or other persons on school grounds require professional medical attention. Examples include stab or bullet wounds, concussions, fractured or broken bones, or cuts requiring stitches. USED Education Data Exchange Network (EDEN)

**Serious Bodily (physical) Injury:** A bodily (physical) injury that involves a substantial risk of death; extreme physical pain; protracted and obvious disfigurement; or protracted loss or impairment of the function of a bodily member, organ or faculty (18 U.S.C. Section 1365(3)(h)).

**Bus Violation:** All QCUUSD students who ride the bus are subject to policies and regulations designed to provide safe transportation. This policy and regulation are available for review on campuses and in the District office. Any behavior which distracts the driver is considered a serious hazard to the safe operation of the bus and jeopardizes the safety of all passengers, the driver and others. Riding the bus is a privilege, not a right, and the consequences of misconduct could result in your child being denied transportation. Suspension of bus riding privileges does not relieve parents of the responsibility of sending a child to school.

Students shall also observe the following specific rules:

- Follow the driver's instructions.
- Keep the aisles clear.
- Remain seated until the scheduled stop.
- Do not change seats; stay in the first seat selected.
- A signed note from the school office is required to get off at a bus stop other than student's regular stop in grades Pre-K through 5. This is a parental responsibility in grades 6-12.
- Keep hands, arms, feet, legs, head, and objects inside the vehicle.

- Talk quietly. Do not yell or use vulgar or abusive language.
- Be courteous to the driver and others.
- Do not throw anything inside the vehicle or from the vehicle.
- No food or drink is to be taken on the bus other than lunches to be eaten at school.
- Smoking is prohibited.
- Do not bring animals, glass containers, weapons, dangerous instruments, tobacco, alcohol, or drugs on the vehicle.
- Any object (musical instrument, class project, etc.) too large to be carried by the student and stored in the same seat with the student will not be transported in the bus.
- Maintain orderly conduct at designated bus stops.
- Students, who cut, deface, or otherwise damage the school vehicle may be suspended or expelled from school. Parents will be liable for damage done to the vehicle by their children.
- It is the responsibility of the parent to provide transportation to school for a child who misses her/his bus.
- Students have the privilege of riding district transportation--it is not a right. Inappropriate conduct at bus stops, on district vehicles, or in the process of boarding or exiting from a vehicle may result in student disciplinary action including, but not limited to, denial of transportation privileges.

## **SPECIAL EDUCATION DISCIPLINE PROCEDURES**

It is the policy of the District to comply with the requirements of the IDEA as they relate to disciplinary measures taken with a student with disability.

The requirements are:

- If a change in educational placement for disciplinary removal occurs for a child with a disability, the District shall provide services to the extent necessary to enable the child

to appropriately advance toward achieving the goals set out in the child's IEP (§300.121) (d)

- When a child with a disability is removed from his or her current educational placement, a change of placement occurs if:
  1. The removal is for more than 10 consecutive days
  2. The series of removals constitute a pattern because they cumulate to more than 10 school days in a school year, and because of such factors as the length of each removal, the total amount of time the child is removed, or proximity of the removals to one another. (§300.519)
- When the removal of a child with a disability constitutes a change of placement, a review of the placement shall be conducted regarding the relationship between the student's disability and the behavior subject to the disciplinary action (manifestation determination). (§300.523)
- If an IEP team determines that the behavior of the student with a disability was not a manifestation of the disability, disciplinary action applicable to students without disabilities shall be applied (§300.524-300.525), except as provided in (§300.121) which requires the provision of FAPE to all students with disabilities who are suspended or expelled. (§300.524)
- A child who has not been determined eligible for special education and who engages in behavior that violates any rules or code of conduct may assert any of the protections of a child with a disability pursuant to (§300.527 when the applicable conditions exist (see procedural steps).
- Designated District personnel are to observe the following checkpoints and implement the following procedures when disciplinary measures are applied to a child with a disability.

FAPE for children suspended or expelled: (§300.121 and §300.520)

- The District may cease services to child with a disability during a removal period when that child has been removed from his or her current placement for 10 school days during the school year, if services are not provided to a child without disabilities who has been similarly removed.
- For a child with a disability whose placement has been changed for disciplinary reasons, (i.e., has been removed from his or her current placement for more than 10 consecutive school days in a school year or whose removals constitute a pattern):
  1. The District will provide services to the extent necessary to enable the child to appropriately progress in the general curriculum and advance toward achieving the IEP goals.
  2. The IEP team will determine the extent of services necessary to enable the child to appropriately progress in the general curriculum and advance toward achieving the IEP goals. (§300.121)
- If a disciplinary action of more than 10 cumulative school days is contemplated for a child with a disability who has engaged in behavior that violated any rule or code of conduct of the District and:
  1. The District did not conduct a functional behavioral assessment and implement a behavior intervention plan for the child before the behavior occurred, within 10 business days the District will convene an IEP meeting to develop an assessment plan.
  2. If the child already has a behavior intervention plan, the IEP team will meet to review the plan and its implementation, and, modify the plan to address the behavior (300.520)

Change of placement for disciplinary removals: (§§300.519)

- For a child with a disability, a change in placement occurs if:
- A removal is for more than 10 consecutive school days or

- The child is subject to a series of removals that constitute a pattern because of factors such as length of each removal, total amount of time the child is removed and the proximity of the removals to one another. (§300.519)

Manifestation determination review: (§300.523)

- The District will conduct a manifestation determination review when the District is contemplating a change of educational placement for disciplinary reasons.
- When the District is contemplating a change of educational placement for disciplinary reasons, the District will notify the parents of the child no later than the date on which the decision was made to take that action. The district will provide the parents with the appropriate procedural safeguard notice.
- No later than 10 days after the date on which the decision to act is made, the manifestation determination review must be conducted.
- In conducting a manifestation determination, the IEP team will consider evaluation and diagnostic results, including information provided by the parents; observations of the child; and the child's IEP and placement.
- The IEP team will only determine the child's behavior was not a manifestation of the disability, if all relevant information indicates that:
  - The child's IEP was appropriately developed and implemented and behavior intervention strategies were provided consistent with the child's IEP and placement;
  - The child's disability did not impair the ability of the child to understand the impact and consequences of the behavior subject to the disciplinary action; and
  - The child's disability did not impair the ability of the child to control the behavior subject to disciplinary action.
- The behavior will be considered a manifestation of the child's disability if any of the standards in the immediately preceding item were not met.
- If the behavior is not a manifestation of the child's disability, disciplinary procedures applicable to children without disability will apply except as provided in IDEA regulation §300.121(d).

Determination of interim alternative educational setting: (IAES) §§300.520 through 300.522

The District may order a child with a disability to an interim alternative educational setting (IAES) for weapons or drug violations for the same amount of time as that of a child without a disability, but not to exceed 45 days. The IAES will:

- Be determined by the IEP team.
- Be selected so as to enable the child to continue to participate in the general curriculum, and receive services in the IEP. (§300.520)
- Include services and modifications design to prevent the behavior from recurring.
- The District may request an expedited due process hearing to request that the child be moved to an appropriated IAES for not more than 45 days if the District has substantial evidence that a child's current placement is likely to result in injury to the child or to others. (§300.521)
- Parental appeal: (§§300.525)
- If the parent of a child with a disability disagrees with the manifestation determination or any decision regarding the placement, the parents may request a hearing. (§§300.525)
- The District will arrange an expedited hearing if the parent requests a hearing.

Protections for children who are not yet eligible for special education and related services: (§300.527)

- The parent may assert any of the protections provided to children with disabilities if the District had knowledge that the child was a child with a disability before the behavior occurred. The District is presumed to have knowledge when:
  - The parent has expressed concern in writing (or orally if the parent cannot write or has

- a disability that prevents a written statement);
- The behavior of the child has demonstrated the need for the services, in accordance with §300.7:
  - The teacher of the child or other personnel has expressed concern about the behavior or performance of the child; or
  - The parent of the child has requested an evaluation.
  - The District is presumed not to have knowledge when the District has either:
    - Conducted a full and individual evaluation for special education eligibility and found the child was not a child with a disability; or
    - Has determined that an evaluation was not necessary and provided appropriate notice to the child's parents of its determination.
  - If a request for an evaluation is made during the time period in which the child is subjected to disciplinary action under §§300.520 or 300.521:
    - The evaluation will be conducted in an expedited manner.
    - The child will remain in the placement determined by the school authorities until completion of the evaluation and eligibility determination.

### **ANNUAL NOTIFICATION TO PARENTS REGARDING CONFIDENTIALITY OF STUDENT EDUCATION RECORDS AND SCHOOL DIRECTORY INFORMATION**

Confidentiality of education records is a right of public school students and their parents. This right is provided for by two federal laws, the Individual with Disabilities Education Act (IDEA) and the Family Education Rights and Privacy Act (FERPA). Under these laws, "education records" means those records that are: (1) directly related to a student; and (2) maintained by an educational agency or institution or by a party acting for the agency or institution. Of course, education records are maintained on every child enrolled in a public school. The types of information gathered and maintained include, but is not limited to: the student's and parent's names, address and telephone number; the student's date and place of birth, date of enrollment in the school, records from previous schools attended, attendance record, subjects taken, grades, school activities, assessment results, from parents and child find and other screening results, including hearing and vision screening results.

In addition, for children with disabilities, education records could include, among other things, evaluation and testing materials, medical and health information, each annual Individualized Education Program (IEP) notices to parents, notes regarding IEP meetings, parental consent documents, information provided by parents, progress reports, assessment results, materials related to disciplinary actions and mediation agreements.

The information is gathered from a number of sources including the student's parents and staff of the school of attendance. Also, with parental permission, information may be gathered from additional sources including doctors and other health care providers.

This information is collected to assure proper identification of a student and the student's parents and the maintenance of accurate records of the student's progress and activities in school. For children with disabilities, additional information is collected in order to assure the child is identified, evaluated and provided a Free Appropriate Public Education in accordance with state and federal special education laws.

Each agency participating under Parr B of IDEA must assure that, at all stages of gathering, storing, retaining and disclosing education records to third parties, it complies with the federal confidentiality laws.

In addition, the destruction of any education records of a child with a disability must be in accordance with IDEA regulatory requirements.

The federal Family Policy Compliance Office of the U.S. Department of Education has provided the following notice of parent's rights under FERPA. In accordance with IDEA the rights of the parents regarding education records are transferred the student at age 18.

The Family Education Rights and Privacy Act (FERPA) afford parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the school receives a request for access.

Parents or eligible students should submit to the school principal (official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading

Parents or eligible students may ask a school district to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the school decides not to amend the record as requested by parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.
